

You finally get to **START PLAYING A BAND INSTRUMENT!** Students will start band lessons when school starts in the fall. Students will receive one 20 minute group lesson every six days. Students will be pulled out of class for each lesson. The lesson schedule will rotate through the day each lesson cycle.

You may have questions as to what school-owned instruments South has to rent. South Middle School has a very limited supply of the following instruments: Tuba, Baritone, French Horn, Tenor Saxophone, Baritone Saxophone, Bass Clarinet, Oboes

The following instruments you will need to obtain from a music store or other qualified source: Trombone, Trumpet, Alto Saxophone, Clarinet, and Flute. Area music stores will also rent the following: Baritone, French Horn, Tenor Saxophone and Oboe.

If you are interested in being a percussionist you will need to obtain a set of bells and a snare drum or practice pad. There are a variety of percussion kits for purchase and rent.

The South Band department has asked that all instruments purchased from Guzzardo Music NOT be given to the parents or students at the time of purchase or rental. We are asking that the instruments remain at the store until shortly before band lessons start. Your instrument will be delivered to the school prior to your first lesson. We prefer this to keep "untrained" hands from damaging the instrument before the student's first lesson. Starting with a damaged instrument is very discouraging for the student.

Music store personnel will explain the rental procedures and repair services they offer. Parents may rent the instrument and purchase supplies at the music store, sign the rental contract and make the first payment.

The first lesson will be on how to assemble the instrument properly, hand placement and learning to blow it correctly. Students should begin practicing 20-30 minutes seven days a week to learn their notes and assignments for the next class day!

If you are obtaining a used instrument privately, please take it to a reputable repair technician to have it checked over. It must be in good playing condition.

Please call Mr. Hedding at South Middle School (544-3175 ext. 1175) if you have any questions. **Check out our Band Website at www.bsmsband.com**

Welcome to our musical family!
